CASHBACK CARD ACQUISITION

INCENTIVISING SIGN-UPS

HOW THEY USE THEIR CASHBACK CARD

The world of workplace benefits is a vast and rapidly-evolving space, and no one knows this more than our growing portfolio of employee benefits clients. It takes something special to really bring a product to life in a sea of other fantastic benefits, and this year we took the opportunity to target all our employee benefits clients with a campaign to push the benefits of the Visa prepaid cashback card to their employees.

THE CLIENT AND THE OPPORTUNITY

It's all about money-saving and stretching salaries further. With the cashback card, employees can earn up to 15% cashback at many of their favourite stores and restaurants.

THE BRIEF

To increase awareness of the cashback card and therefore increase the number of cashback card sign-ups month-on-month by 100% and, ultimately, to increase spend at our 50+ partner cashback retailers.

THE SOLUTION

Informed by the success of previous card acquisition campaigns, we created an email and poster campaign to push the cashback card and its benefits for one month. The incentive? A discounted sign-up price of **£2.99** (usually £9.99) plus an escalator to create a sense of urgency – the first 10 new sign-ups would receive a **£10 top up** on their new card!

THE RESULTS

The campaign achieved a massive increase in sign-ups during the promotion month that surpassed all previous campaigns. Here are the month-on-month results:

- **848% increase in card sign-ups**
Acquisition target achieved
- **7% increase in spend** at partner retailers
Spend target achieved
- **11.5% increase in no. of spenders**
Awareness target achieved

BONUS ACHIEVEMENT:

- **13% increase in top up value** (a massive £60k!)

CUSTOMER INCENTIVE VIP P!NK EXPERIENCE

THE CLIENT AND THE OPPORTUNITY

The client uses the cashback card to reward and retain their member base, helping them to save on their monthly utility bill. Members shop with their cashback card in the knowledge that every penny earned in cashback will come off their next bill, so it really does pay to shop!

HOW THEY USE THEIR CASHBACK CARD

This big-name utility company is all about savings, simplicity and service. They're committed to helping their members make great savings on their utility bills and they love to reward loyalty! In fact, all customers become members of their exclusive Discount Club including exclusive benefits – like our prepaid cashback card!

With a cashback cardholder base of over 250,000 individuals, there was a huge opportunity to drive spend, so we worked with the client to create a real crowd-pleaser of a campaign to get cardholders shopping.

THE BRIEF

The client recently rolled out a **'1% cashback everywhere'** offering to its cashback card holders, so our challenge was to encourage spend at partner retailers over non-partner retailers.

THE SOLUTION

Working closely with the client, we devised an email campaign to increase both engagement and spend across the card base, with an exclusive incentive – 4 pairs of VIP tickets to see P!nk live at Wembley Stadium. All cardholders had to do was spend £300 with their cashback card at partner retailers during the promotion month to be entered into the prize draw!

To drum up some excitement, we first teased the campaign and then followed this up with a launch email to explain the rules, before a final reminder email shortly before the campaign ended.

THE RESULTS

The success of previous campaigns told us that this client and their beneficiaries are very receptive to experiential incentives, and this campaign didn't disappoint. Here are the month-on-month results:

- **3% increase in partner spend** during the campaign month. Spend target exceeded by 2%
- **4.5% increase in no. of top ups** compared with previous month (almost £1.2m). Top up target achieved

BONUS ACHIEVEMENT:

- Engaged cardholder spend remained high the month after the campaign, exceeding partner spend in the month before the campaign by **0.5%**.

CHRISTMAS SPEND INCENTIVE ONE WEEKEND OF EPIC CASHBACK

THE CLIENT AND THE OPPORTUNITY

We're back with our big-name utility company! With a cashback cardholder base of over 250,000 people all ready and waiting to spend with their card over the Christmas period, we took the opportunity to guide their spending towards our partner retailers.

HOW THEY USE THEIR CASHBACK CARD

A fantastic tool to help the members of their exclusive Discount Club to save on their utility bill – when they shop at partner cashback retailers, their cashback is taken off their next bill!

THE BRIEF

To re-engage the client's inactive cardholders, promote our partner cashback retailers, compete with Black Friday and increase spend at participating retailers by 10% month-on-month.

THE SOLUTION

Working with our retail team, we devised a campaign to drive spend over one weekend in December. Introducing the Christmas Cashback Bonanza – a long weekend of incredible double cashback offers at top partner retailers like Debenhams, Boots, Halfords and more! The campaign was pushed via email with a teaser, launch and reminder sent out over the weekend, and the client's card 'distributors' were also tasked to spread news of the campaign to the company's members.

THE RESULTS

This campaign was a roaring success – the results speak for themselves!

- **82% increase in spend** compared with Black Friday weekend (£146k more!). Compete with Black Friday target achieved
- **109% increase in spend** at participating retailers month-on-month. Spend target exceeded

THE CLIENT AND THE OPPORTUNITY

A professional services benefits company curate a suite of benefits for healthcare professionals, carers, teachers and charity workers. Whilst its health service members already had access to our prepaid cashback card, there was a huge opportunity to update the card, bring in some new features and create a big launch campaign for all its beneficiaries.

HOW THEY USE THEIR CASHBACK CARD

The client uses the card to support its members, making their salaries stretch further, and reward all cardholders with up to 12% cashback at over 50 top UK retailers and restaurants. The idea is to give back to the professions that give to our communities. The client's new cashback card had some cool changes that we couldn't wait to launch:

- Increased cashback rates (used to be capped at 5% for the client)
- No more 40p top up fee for loads of under £200
- Automatic top ups when cardholder balance falls below a set amount

THE BRIEF

To promote the new and improved cashback card to the existing health service audience as well as the three new professions, acquire new cardholders and, most importantly, to get them spending!
